#40280	Darren Paterson	Feedback BlackBerry Internet Services support is being removed from 3UK. This will mean customers who use a BlackBerry not supplied by Three will no longer be able to purchase BB Internet add on or access the internet using their BlackBerry device. Impact: Poor customer experience and delayed resolution for customer issues.	BlackBerry services have been discontinued - Internet script for BlackBerry devices has been updated.	- All BlackBerry devices	No further action required.	20.03.2019
